

Michigan APPLE CIDER

Riveridge
CIDER CO. LLC

From Farm to Glass

Riveridge Cider Co. is nestled among 400 acres of apple orchards in Grant, Michigan creating traditional blended cider and varietal blends (Honeycrisp, Fuji and Gala).

We pride ourselves on a controlled blend which means a consistent flavor for your customers, no matter the time of year! Additionally, a continuous cold chain from pressing to delivery, ensures flavor quality and food safety. The entire operation is backed by a quality assurance team and in-house lab.

Labels emphasize the Michigan/Great Lakes region and match the Riveridge fresh apple poly bags of the same variety.
